

PEAS

Take the top 20cm of the plant. Take at least **40 tops**, randomly across the sampling area.

If you require a Sap 2 or 3 analysis please collect twice as many tops.

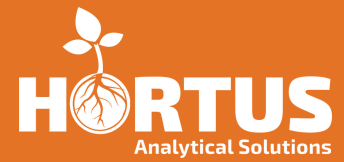

If you require a Sap 4 comprehensive analysis please collect three as many tops.

Monitoring program

Begin sampling at budding; and monitor fortnightly to mid-harvest.

PEAS

New Vs Old Leaf testing is not available for this crop.
